 - 3. Department
- J. Other
 - 1. Undergraduate Students (Non Honours) Mentored in my Lab
 - 2. Science Student Success Centre Volunteers

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

A EDUCATION

- PhD Biology – Arizona State University, Tempe Arizona, United States (1994 – 1999)
 Advisor – Therese Markow, Ph.D., Regents' Professor (Retired)
 Title – Understanding intra-population variation in the mating behavior of a field cricket
- MSc Watershed Ecosystems – Trent University, Peterborough Ontario, Canada (1991-1993)
 Advisor – Michael Berrill, Ph.D., Professor (Retired)
 Title – Variation in male mating behaviour and female choice of the gray treefrog
- HBSc Biology – Trent University, Peterborough Ontario, Canada (1986-1990)
 Advisor – Michael Berrill, Ph.D., Professor (Retired)
 Title – The territorial behaviour of juvenile threespot damselfish, *Pomocentris planifrons*

B: RESEARCH SPECIALIZATION (Key Words)

acoustics, aggression, behavioural performance, communication, dietary stress, energetics, evolution, individual differences, life history, mate attraction, mate choice, mate preference, nutritional ecology, physiology, resource acquisition, sexual selection, social interactions

C EMPLOYMENT (All Academic)

- 2016 Professor, Department of Biology, Carleton University
- 2013-16 Undergraduate Chair, Department of Biology, Carleton University
- 2010-16 Associate Professor, Department of Biology, Carleton University
- 2008-12 Assistant Dean of Science (Recruitment and Retention), Carleton University
- 2008-12 Director, Science Student Success Centre Carleton University
- 2006-10 Assistant Professor, Department of Biology, Carleton University
- 2002-06 Assistant Research Professor, School Life Sciences, Arizona State University
- 1999-02 Faculty Research Associate, Department of Biology, Arizona State University
- 1999-03 Course Instructor, Department of Biology, Arizona State University
- 1999-03 Academic Coordinator and Program Manager, MARC, Arizona State University
- 1994-98 Teaching Associate (16 semesters), Arizona State University
- 1993-94 Course Instructor for Animal Behaviour (3 semesters), Trent University

D EDITORSHIPS, BOARD POSITIONS, & PROFESSIONAL HONOURS

- 2019 Xie and Bertram Awarded Best Conference Presentation at the Eleventh International Conference on Signal Processing Systems, <http://www.icsps.org/>
- 2018- Editor for Ethology (<https://tinyurl.com/y8cwkgud>)
- 2018- CUASA Council
- 2018- CUASA Grievance Committee
- 2014-17 Secretary and Officer of the Animal Behavior Society Executive Committee
- 2013-17 Academic Editor for PeerJ (<https://peerj.com/SueBertram/>)
- 2011-15 Scientific Advisory Committee Member of the Canadian Institute Ecology & Evolution (CIEE/ICEE)

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

- 2011-12 National Symposium on Student Retention's Directors Award: Best Paper; Given to the best paper and poster presented at the annual meeting of the Consortium for Student Retention Data Exchange (CSRDE)
- 2011 University Graduate Student Mentorship Award: Awarded by the Faculty of Graduate and Postdoctoral Affairs and the Office of the Vice-President (Research and International). "These awards recognize faculty who render exceptional service to graduate students as supervisors and research mentors. The effect of such faculty on the careers of students is frequently transformational"
- 2007 NSERC Discovery Accelerator Supplement Nominee
- 1997 Animal Behavior Society's Memorial Founders' Award for Best Poster 1997
- 1997 Philanthropic Educational Organization Women's Academic Scholarship
- 1996-97 Arizona State Life Sciences Graduate Symposium Best Presentation Award
- 1994-99 Regents' Graduate Academic Scholarship, Arizona State University
- 1995 Organization for Tropical Studies Fellowship

E GRANTS AND FUNDING AWARDS

1. Research Grants and Awards (\$1,325,000) to date; assumed \$US=\$CA)

- National Science and Engineering Research Council Research Tools and Instruments Grant – Microwave Plasma Atomic Emission Spectrometer (MP-AES) for Elemental Analysis; 2019 (CA\$88,303 SUBMITTED). PI: H. MacMillan; Co-PI's: S.M. Bertram, S. Cooke, D. McMullin, J. Smith.
- National Science and Engineering Research Council Engage – Modifying the Rearing Environment to Maximize Juvenile Cricket Survival; 2018-2019 (CA\$24,996/6 months). PI: S.M. Bertram; Industrial Partner: Entomo Farms
- National Science and Engineering Research Council Discovery Grant – Mating Preference Evolution: A Nutritional Ecology Approach; 2016-2020 (CA\$33,000/year; CA\$165,00 total). PI: S.M. Bertram
- CURIE (Carleton University Research Impact Endeavour) Grant from the Carleton University Scholarly Communications Committee; 2017 (\$500 for an open access publication in *PLOS ONE*) PI: S.M. Bertram
- Carleton University Development Grant Award – Linking Mating Preferences to Sexually Selected Traits and Offspring Viability; 2014 (CA\$9,000). PI: S.M. Bertram, Co-PI: P. Adair Gowaty.
- CURIE (Carleton University Research Impact Endeavour) Grant from the Carleton University Scholarly Communications Committee; 2014 (US\$1350 for an open access publication in *PLOS ONE*) PI: S.M. Bertram
- CURIE (Carleton University Research Impact Endeavour) Grant from the Carleton University Scholarly Communications Committee; 2013 (US\$1350 for an open access publication in *PLOS ONE*) PI: S.M. Bertram
- CURIE (Carleton University Research Impact Endeavour) Grant from the Carleton University Scholarly Communications Committee; 2013 (CA\$200 for an open access publication in *Ideas in Ecology and Evolution*) PI: S.M. Bertram
- National Science and Engineering Research Council Discovery Grant – Maintenance of Variation in Sexually Selected Traits: a Nutritional Ecology Approach; 2012-2016 (CA\$21,000/year; CA\$105,000 total). PI: S.M. Bertram

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

- Canadian Foundation for Innovation (Leaders Opportunity Fund) – Behavioural Acoustic Research Facility; 2007-2012 (CA\$85,000 from CFI plus monies from ORF and Carleton). PI: S.M. Bertram.
- Ontario Research Fund (Research Infrastructure Funding) – Behavioural Acoustic Research Facility; 2007-2012 (CA\$85,000 from ORF plus monies from CFI and Carleton). PI: S.M. Bertram.
- Carleton University (CFI/OUF Match) – Behavioural Acoustic Research Facility; 2007-2012 (CA\$43,803 from Carleton plus monies from CFI and ORF). PI: S.M. Bertram.
- Petro Canada Young Innovators Award – Understanding variation in fitness conferring traits. 2007-2008 (CA\$10,000). PI: S.M. Bertram.
- National Science and Engineering Research Council Discovery Grant – Understanding variation in fitness conferring traits; 2007-2012 (CA\$29,450/year; CA\$147,750 total). PI: S.M. Bertram.
- National Science and Engineering Research Council Research Tools and Instruments 1 – Elemental Analyzer; 2007 (CA\$55,414). PI: S.M. Bertram.
- National Science Foundation Integrative Organismal Systems – 0446415 Collaborative research: division of labor in communal groups; 2005-2008 (US\$307,160). PI: J.H. Fewell; Co-PI: S.M. Bertram, P. Kukuk.
- National Science Foundation Integrative Organismal Systems – 0131728 The influence of fluctuating countervailing selection in maintaining within population variation in sexually selected traits; 2002-2005 (US\$211,157). PI: S.M. Bertram.
- National Science Foundation Integrative Organismal Systems – 0131728 The influence of fluctuating countervailing selection in maintaining within population variation in sexually selected traits; 2002-2005 (US\$28,031 Supplement). PI: S.M. Bertram.
- National Science Foundation Integrative Organismal Systems – 9623034 The role of selection in maintaining variation in mate communication; 1996-1998 (US\$10,000 Dissertation Improvement Grant). PI: S.M. Bertram.
- National Science and Engineering Research Council Postgraduate Scholarship for study at Arizona State University; 1994-1996 (CA\$18,500/year; CA\$55,500 total).
- National Science and Engineering Research Council Postgraduate Scholarship for study at a Canadian University; 1993-1995 (CA\$16,000/year; Declined to apply for an award abroad).

2. Mentoring Grants and Awards (Sum = \$3,033,400 to date; Assumed \$US=\$CA)

- First Generation Project for Carleton University - Ontario Minister of Training – Colleges and Universities; 2010-2012 (CA\$423,000). PI: Ryan Flannigan; Co-writer: S.M. Bertram
- National Science Foundation Integrative Organismal Systems – 6560523 Undergraduate Travel to Animal Behavior Society Meetings; 2006-2010 (US\$60,060). PI: E. Martins; Co-PI: S.M. Bertram, P. Kukuk, P. Hill.
- National Institutes of Health National Institute of General Medical Sciences – Minority Access to Research Careers (MARC) at Arizona State University; 2003-2008 (US\$2,484,340). PI: J.H. Fewell, Director; Co-PI: S.M. Bertram.
- National Science Foundation Integrative Organismal Systems – 0446415 The influence of fluctuating countervailing selection in maintaining within population variation in

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)

Animal Behavior Society Officer and Committees

Society Elected Officer and Secretary (2014-2017)
 Allee Award Competition Review Panel (2014)
 Turner Travel Award Committee Member (2002-2008)
 Turner Travel Award Organizer (2005)

Scientist as Mentor

Encouraging Diversity: Invited Panel Member, University of Arizona, 2003
 Building an Inclusive Classroom: Invited Speaker, Arizona State University, 2003, 2004

Survival Skills for Post-Baccalaureate Programs

Designed/coordinated a workshop for minority students at Arizona State University about MD, MD/PhD, and PhD career paths

Hosted Conference Sessions

Co-host (with Adam Kaye, St. Thomas University and John Schade, St. Olaf College) of Organized Oral Session OOS-14: Ecological Stoichiometry of Terrestrial Animals, Ecological Society of America Annual Meeting, Memphis, Tennessee, August, 2006.

Co-Host/Organizer of a Symposium on Integrating Nutritional Ecology and Behaviour

13th International Behavioural Ecology Congress 2010 in Perth, Australia (with co-hosts/organizers: Nathan Morehouse, Université de Tours in Tours, France and David Raubenheimer, Massey University in Auckland, New Zealand).

H ACADEMIC RESPONSIBILITIES (TEACHING)**1. Undergraduate Courses Taught Since 2006**

BIOL 1004 – Introductory Biology II (2011-12)
 BIOL 1104 – Foundations of Biology II (2011-12)
 BIOL 1105 – Biological Methods, Analyses, and Interpretation (2017, 2018)
 BIOL 3609 – Evolutionary Concepts (2007, 2010)
 BIOL 3802 – Animal Behaviour (2014-16)
 BIOL 3908 – Thesis Proposal Development (2013-14)
 BIOL 4802 – Advanced Animal Behaviour (2007- 09, 2011, 2016, 2017, 2018)
 BIOL 4901 – Directed Special Studies (2006-19)
 BIOL 4908 – Honours Research Thesis (2006-12; 2013-19)
 INSC 3909 – Independent Study (2008, 2010, 2013)

2. Graduate Courses Taught Since 2006

BIOL 5802 – Advanced Behavioural Ecology (2007, 2008, 2009, 2011, 2017, 2018)

3. Supervision Since 2006**3a. Supervision Completed Since 2006 (N=43)**

PhD Students

Lauren Fitzsimmons (2007-12): Sexual selection and trait covariance in crickets

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Sarah Harrison (2012-18): Integrating nutritional ecology and sexual selection
(transferred from MSc program; Co-Supervised with Jean-Guy Godin)

Genevieve Fergusson (2011-18): Lifetime influences of acoustic social environment
on developmental and behavioural plasticity

MSc Students

Donovan Tremblay (2017-19): Using stress to understand condition dependent
signalling

Maria Doria (2017-19): Cognition in female field crickets

Mykell Reifer (2015-17): How carbohydrate and protein availability during
development influences life history and performance traits

Amy Villarreal (2014-16): How operational sex ratio drives mating behaviour (Co-
Supervised with Jean-Guy Godin)

Michelle Loranger (2013-15): Audience effects and their impact on cricket mating

Ian Thomson (2010-12): Physiology and biomechanics of signaling

Karen Pacheco (2011-13): Cricket female preference functions

Vanessa Rook (2008-10): Interplay between aggression, signaling, and mating

Emily Whattam (2007-09): Multimodal signaling in crickets

Crystal Vincent (2007-09): Host-parasite interactions: the cricket and the fly

Laksanavadee Visanuvimol (2007-09): How phosphorus influences cricket fitness

Honours Students

Michelle Leviellee (2018-19): Underwater boat noise on map turtle basking

Danya Yaremchuck (2018-19): How developmental diet influences mandible size

Thomas Moore (2017-18): Quantifying female mating preference functions IP

Jesse Shenton (2017-18): Quantifying female mating preference functions CF

Alyssa Froome (2017-18): Quantifying female mating preference functions AMP

Donovan Tremblay (2017 summer): Social environment and plasticity

Maria Doria (2017 summer): Cognition in female field crickets

Emily Aucoin (2016-17): Quantifying female mating preference functions IP

Erin O'Hara (2016-17): Quantifying female mating preference functions CF

Michael McTavish (2016-17): Quantifying female mating preference functions AMP

Michael Blackburn (2016-17): Quantifying female mating preference functions CR

Miriam Tepper (2014-15): How mating preference influences offspring fitness

Savanna Boutin (2014-15): Same sex sexual behaviour in crickets

Deb Corlett (2013-14): Mating preferences in *G. assimilis*

Mykell Reifer (2013-14): Do constrained individuals have lower fitness?

Kaitlyn Montroy (2013-14): Audience influence on fights and victory displays

Krista McConnell (2013-14): Life history trait comparison between lab and wild

Emily Burd (2013-14): How diet influences aggression

Eric Chin (2013): *Girardinus metallicus* mating behavior (Gita Kolluru)

Catalina Dunmeyer (2013): *Girardinus metallicus* mating behavior (Gita Kolluru)

Joshua Profitt (2011-2012): Relationship between energy stores and residual mass

Sami Majdalany (2011-2012): Relationship between metabolic rate and signaling

Christopher Sequin (2011-2012): Relationship between ploidy and signaling

Lauren Kirby (2011-2012): Communicating biological concepts through video

Louis Gagnon (2010-11): Chorus attendance and mating success in American toads

Susan Boratynska (2010-11): Male crickets signal their sperm quality

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
All listed students have given permission for their name to appear. Students who have not given
permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Paul Kazzaka (2010-11): Aggression and audience effects in *G. veletis*
 Robert Watkins (2010-11): Why do *G. veletis* produce split pulse signals?
 Hailey Masiero (2010-11): Factors influencing student success in mathematics
 Samantha Klaus (2009-10): Acoustic signaling and sperm quality in crickets
 Valerie Nichols (2009-10): Phosphorus and cricket aggression
 Katrina Williams (2009-10): Factors influencing success in introductory calculus
 Kenneth Belanger (2008-09): Behavioural syndromes and fitness
 Valerie Nichols (2008-09): Function of multiple mating signals
 Ian Thomson (2008-09): Host-parasite interactions in crickets and flies
 Moyosore Abimboye (2008-09): Dietary phosphorus and reproduction
 Vanessa Rook (2007-08): Aggression and post conflict displays
 Tsone Boyo (2007-08): Muscular anatomy and calling behaviour
 Laura Haley (2007-08): Victory displays in *Gryllus pennsylvanicus*
 Amanda Smith (2007-08): Influence of diet on male calling behaviour
 Rachel Bennett (2006-07): Phosphorus and female reproductive fitness
 Ryan O'Meara (2006-07): Nearest neighbour effects in crickets
 Laksanavadee Visanuvimol (2006-07): Phosphorus and body condition
 Emily Whattham (2006-07): Phosphorus and mate signaling
 Amber Zabarauskas (2006-07): Phosphorus and female mating preferences

3b. Supervision Currently Underway

PhD Students

Emily Missyabit McAuley (*nee* Whattam) (2011-): Do introduced fish lower the quality of harlequin duck breeding streams? (Co-Supervised with Ron Ydenberg at Simon Fraser University).
 Matthew Muzzatti (2020-): Maximizing growth rates and health of domesticated crickets through genetic and environmental manipulation (Co-Supervised with Heath MacMillan at Carleton University)

3c. Awards My Graduate Students Received During or Shortly After Completing Their Degrees in My Lab

Sarah Harrison

Nominated for Senate Medal for Outstanding Academic Achievement (2018)
 Animal Behavior Society Student Research Grant Award (2015)
 NSERC Alexander Graham Bell CGS-D (PhD) (2013-16)
 Graduate Student Open Access Award (2013)
 Ontario Graduate Scholarship (2012-13)
 NSERC Alexander Graham Bell CGS-M (MSc) (2011-12)
 Ontario Graduate Scholarship (declined to accept the NSERC; 2011)
 David and Rachel Epstein Foundation Scholarship (2011)

Genevieve Ferguson

Carleton University Biology Best PhD Award (2019)
 Animal Behavior Society Student Research Grant Award (2015)
 Carleton University Outstanding TA Award (2013)

Michelle Loranger

Animal Behavior Society Student Research Grant Award (2015)

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Ian Thomson

Smithsonian Tropical Research Institute Internship (2013)
 Graduate Student Open Access Award (2013)
 Associates in Psychiatry Volunteer Award - Royal Ottawa Hospital (2012)
 Biology Department TA Excellence Award (2012)
 Carleton University Outstanding TA Award Nomination (2012)

Lauren P. Fitzsimmons *nee* Reed

NSERC Postdoctoral Fellowship (2013-15)
 Senate Medal for Outstanding Academic Achievement, Carleton University (2012)
 P.E.O. Scholar Award; named the Ventura Neale Endowed Scholar (2011-12)
 Carleton University Academic Staff Association Scholarship (2011)
 David & Rachel Epstein Foundation Scholarship (2008)
 NSERC Canada Graduate Scholarship CGS-D (PhD) (2007-10)

Crystal M. Vincent

L'Oreal-UNESCO Laureate; 4 recipients nation-wide (2010)
 NSERC Canadian Graduate Scholarship CGS-D (PhD) (2010)
 NSERC Industrial Scholarship (2009)

Emily Missyabit McAuley *nee* Whattam

NSERC Canadian Graduate Scholarship CGS-D (PhD) (2010)
 NSERC Canadian Graduate Scholarship CGS-M (MSc) (2007)
 Ontario Graduate Scholarship (declined to accept NSERC; 2007)
 C.C. Gibson Scholarship, Carleton University (\$1000/yr) (declined; 2007)
 NSERC Undergraduate Student Research Award (2007)
 BP Canada Aboriginal Youth Achievers Scholarship, National Aboriginal
 Achievement Foundation (NAAF) (\$2500) (2007)

4. Teaching Innovation and Training Since 2006

Carleton University's Teaching and Learning Event (April 2015) Invited Speaker: Team
 Based Learning Approach to Teaching Biology Undergraduates – an Animal
 Behaviour Approach

Invited Workshop Host (2012): Ottawa-Carleton District School Board Science and
 Mathematics High School Teacher Professional Development Panelist on
 Successfully transitioning from high school to university science.

Distinguished Symposium Speaker for the SWEET Eco Evo Symposium (2011): A
 juggling act: balancing high work-loads and family-life as a faculty member in
 ecology and evolution. Canadian Society for Ecology and Evolution Annual
 Meeting, Banff, Alberta (May) Talk/Panelist.

Invited Panel Member (2011): Ottawa-Carleton District School Board Science and
 Mathematics High School Teacher Professional Development Panelist on
 Successfully Transitioning from high school to university.

Invited Panel Member (2011): Words of Wisdom to New Faculty Members: What I
 Needed to Know but Wasn't Told. New Faculty Orientation Session, Carleton
 University

Invited Workshop Co-Host (2010): Anatomy of a Student (with Carol Miles, Maggie
 Cusson, and Kathleen Semanyk). New Faculty Orientation Session, Carleton
 University

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given
 permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Invited Panel Member (2009): Creating a positive and productive supervisory relationships with your graduate students. New Faculty Orientation Session, Carleton University
 Invited Workshop Co-Host (2009): Strategies for motivating and empowering your teaching assistant (with Carol Miles). New Faculty Orientation Session, Carleton University
 Host Workshops (2 in 2009): How TA's can support and contribute to student success. TA Training Workshop
 Faculty Teaching Certificate Program participant (2008-09)
 Microteaching and Classroom Observation Workshop I and II participant (2007)
 Clicker Training participant (2009)
 3-2-1 Contact participant (2006-08)
 E-grades Workshop participant (2006)
 Dream Weaver Training participant (2006)
 Survivor Carleton participant (2006)
 New Faculty Orientation participant (2006)

I ADMINISTRATIVE RESPONSIBILITIES

1. University (Since 2006)

Travel and Expense Management System Replacement Committee (2017-)
 Women in Science and Engineering Network (WISEN) Steering Committee (2014-16)
 Carleton Leader Stream 3 (2014-15)
 Fierce Conversations Training (2 day workshop spring 2015)
 Tenure and Promotion Appeal Committee (2013-14)
 Grievance Sub-Committee Member (2011-12)
 Team Leader: Science Learning Community: Benchmarking & Implementation (2010-12)
 First in Family Program Team Member (2010-12)
 Critical and Creative Inquiry Task Force (2010-12)
 Student Success Cross Functional Team Member (2010-12)
 Mental Health Cross Functional Team Member (2008-12)
 Team Leader, Benchmarking: Improving the Engagement of Science Students (2008-11)
 Advising Project Cross Functional Team Member (2008-09)
 Emerging Leaders Program Mentor (2008-09)

2. Faculty (Since 2006)

Embracing Biology Labs

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Team Co-Leader (with N Cappuccino) – Benchmarking Team (2014-16)
 Team Leader – Implementation Team (2016-18)
 Science Learning Community
 Faculty Facilitator - Implementation Team (2013-14)
 Team Leader - Benchmarking Team (2010-11)
 Team Leader - Implementation Team (2011-12)
 Chair, Faculty of Science Recruitment Committee (2008-12)
 Chair, Faculty of Science First Year Instructors Committee (2008-12)
 Chair, Faculty of Science Retention Committee (2009-12)
 Director, Science Student Success Centre (2008-12): Plan/coordinate activities to reduce DFW rates and increase student retention. Responsibilities include:
 SSSC Mid-Term Grades Project (2008-12)
 SSSC Mentoring Project (2008-12)
 SSSC Science Study Skills Workshops (2008-12)
 SSSC Final-Grades Project (2010-12)
 Math Matters (2009-12)
 Co-Organizer and Host: Faculty of Science New Student Orientation (2008-12)
 Co-Organizer and Host: New Faculty Orientation (2008-12)
 Co-Organizer and Host: New Recruiter Orientation (2008-12)
 Committee Member, Undergraduate Research Day (2008-11)
 Co-Emcee, Undergraduate Research Day (2009)
 Co-Coordinator, Science Café (with Root Gorelick; 2009-10)
 Committee Member, Science Faculty Promotion Video (2009)
 Attendee/Presenter, Recruitment Events
 Ontario University Fair (2008-09, 2011, 2015)
 Science Teachers Association of Ontario Annual Meeting (2008)
 Dinner with the Dean - High School Science/Math Teachers (2008-11)
 Ottawa Parents Evening (2008-12)
 Toronto Parents Evening (2010-12)
 CU Day (2008-12)
 Science Specialty Tours (spring and fall: 2008-12)
 March Break Day (2008-12)
 Summer Orientation (2009-12)

3. Department (Since 2006)

Behavioural Ecologist Search Committee Chair (2017-18)
 Curriculum Committee (2013-)
 Undergraduate Chair (2013-16)
 Biology Hiring Committee (Sessional Lecturer in Ecology, Evolution, Diversity) (2011)
 Biology Recruitment and Retention Committee Member (2006,07,08)
 Biology Concentrations Workshop Co-Organizer (2008)
 Biology Tenure and Promotion Committee Member (2007,08)
 Biology Graduate OGS and NSERC Review and Ranking Committee Member (2007)
 Graduate Students for which I currently serve as an advisor (supervisor in parentheses; N=7)
 Ethan Hermer (Julie Morand-Ferron, Ottawa University) MSc 2016-
 Sophie Potter (Jean-Guy Godin, Carleton University) PhD 2014-

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines ()

Taylor Ward (Steve Cooke, Carleton University) PhD 2014-
 Julie Colpitts (Howard Rundle; Ottawa University) MSc 2013-
 Fannie Billardon (Charles Darveau; Ottawa University) MSc 2010-
 Graduated Students for which I served as an advisor (supervisor in parentheses; N=18)
 Erin Wojan (Gita Kolluru, California Polytechnic State University) MSc 2014-17
 Ryan Pusiak (Jean-Guy Godin, Carleton University) MSc 2015-17
 Heather Auld (Jean-Guy Godin, Carleton University) PhD 2009-16
 Jake Brownscombe (Steve Cooke, Carleton University) PhD 2011-16
 Tammy Duong (Howard Rundle, Ottawa University) PhD 2013-16
 Valentina Scarponi (Jean-Guy Godin, Carleton University) MSc 2013-15
 Mat Oudin (Howard Rundle; Ottawa U) MSc 2012-14
 Alisa Miller (Jean-Guy Godin) MSc 2011-13
 Nicola Banger (Gabriel Blouin-Demers; Ottawa U) MSc 2010-12
 Sarah Cebulski (Jeff Dawson) MSc 2009-10
 Ian McLean (Tom Sherratt) MSc 2008-11
 Amanda Goth (Jeff Dawson) MSc 2008-10
 Sarah Jeswiet (Jean-Guy Godin) MSc 2008-10
 Alan Fleming (Jayne Yack) MSc 2007-09
 Kelsie MacLellan (Howard Rundle; Ottawa U) MSc 2007-09
 Matthieu Delcourt (Howard Rundle; Ottawa U) PhD 2007-11
 Marie-Ange Gravel (Steve Cooke) PhD 2006-11
 Stacey Robinson (Mark Forbes) PhD 2005-11
 Kimberley Hair (Jean-Guy Godin) MSc 2006-08
 Tara Redpath (Steve Cooke) MSc 2006-08
 Graduated Student for which I served as an external/chair (supervisor in parentheses; N=10)
 Dirk Algera (Steve Cooke) MSc defense external (2016)
 Brianne Wartman (Matt Holahan) PhD defense internal-external (2014)
 Samantha Wilson (Steve Cooke) MSc defense external (2012)
 Julia Mlynarek (Mark Forbes) PhD qualifying exam (2012)
 Lindsay Derreagh (Root Gorelick) MSc defense external (2012)
 Jessica Carbone (Root Gorelick) MSc defense external (2010)
 Scott Whitehead (Jeff Dawson) MSc defense external (2009)
 Kathleen Lucas (Jayne Yack) MSc defense chair (2008)
 Glenn Cunnington (Lenore Farhig) PhD qualifying exam (2008)
 Constance O'Connor (Steve Cooke) PhD qualifying exam (2008)
 Aaron James Philips (Claudia Schröder-Adams) MSc defense external (2008)

J OTHER

1. Undergraduate Students (Non Honours) Mentored in My Lab Since 2006 (N=77)

Kathryn Hunt: Work-Study 2018-19
 Jillian Sims: Work-Study 2018-19
 Jory Curry: Work-Study 2018-19
 Sean Neave: Dean's Summer Research Intern 2018
 Savanna Craig: Work-Study 2017-18
 Westley Partington: Work-Study 2017-18

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given
 permission for their name to appear have been covered following *FIPPA* guidelines ()

Michelle Leveillee: CUROP 2017 summer, NSERC USRA 2018
Laura Phillips: Research Assistant 2016, NSERC USRA 2017
Tanner Kyle: Dean's Summer Research Intern 2017
Angelica Ramos Camacho: Work-Study 2016-19
Alyssa Froome: Work-Study 2016-18
Dana Darwish: Work-Study 2016-17
Brittany Sullivan: Dean's Summer Research Intern 2016
Maryann Wu: Research Assistant 2016
Natasha Osborne: Dean's Summer Research Intern 2015
Maryann Wu: Dean's Summer Research Intern 2015
Alexa Derksen: NSERC USRA 2015
Deepro Chowdhury: NSERC USRA 2015
Synclair Calder: Cricket husbandry (Work-Study 2014-17)
Alicia Cable: Cricket husbandry (Work-Study 2014-15)
Rebekah Vice: Cricket husbandry (Work-Study 2014-15)
Katie Petrie: Dean's Summer Research Intern 2014
Sarah Endenburg: NSERC USRA 2014
Michelle Vala: Dean's Summer Research Intern 2014
Savanna Boutin: Same-sex behavior and female mate choice (NSERC USRA 2014)
Francis Wong: How diet influences dominance (I-CUREUS 2014)
Savanna Boutin: How diet influences same-sex behaviour (Research Credit 2014)
Mykel Riefer: Does mate choice influence fitness? (Research Credit 2013)
Deb Corlett: Does mate choice influence fitness? (Research Credit 2013)
Krista McConnell: How cold incubation influences signaling (Research Credits 2013-14)
Francis Wong: Constraints experiment (Work-Study 2013-14)
Zachary Cronk: Cricket husbandry (Work-Study 2013-15)
Dana Kolenich: Cricket husbandry (Work-Study 2013-14)
Kathryn Dufour: Constraints Experiment (NSERC USRA Summer 2013)
Nathan Robertson: Cricket husbandry (Work-Study 2012-13)
Ashley Millar: Cricket husbandry (Work-Study 2012-13)
Kathryn Dufour: Constraints Experiment (Dean's Summer Research Intern 2012)
Miriam Tepper: Exchange student from Quest University who joined my laboratory for a semester to learn about entomology and invertebrate behaviour (2012)
Susan Boratynska: Sperm differences across species (I-CUREUS 2011)
Louis Gagnon: Documenting protocols (Work-Study 2011-12)
Ashley Millar: Cricket husbandry (Work-Study 2011-13)
Hanah Takerer: Cricket husbandry (Work-Study 2011)
Robert Watkins: Split Pulses (NSERC USRA Summer 2011)
Andrew Mikhail: Nutrition (NSERC USRA Summer 2011)
Christopher Gillen: Signalling (NSERC USRA Summer 2011)
Jiajie Liu: Diet Biochemistry (Volunteer Summer 2011)
Owen Hovey: PDF Database Management (Volunteer Winter 2011)
Haroun Zayed: Cricket physiology and behaviour (Volunteer Winter 2011)
Maru Karuneswaran: Cricket husbandry (Work-Study 2010-11)
Oghenetega Enauhwo: Cricket husbandry (Work-Study 2010-11)
Michael Francisco: Sperm and Signaling in Crickets (Volunteer Summer 2010)

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Samantha Klaus: NEARs software and training (CFI/ORF Summer 2010)
 Sarah Harrison: Do males advertise their sperm? (NSERC USRA Summer 2010)
 Andrew Mikhail: Trackball quantifies insect movement (NSERC USRA Summer 2010)
 Gary Bourque: Behavioural syndromes in crickets (Volunteer 2009-10)
 Ian Thomson: Physiology of cricket signaling (NSERC USRA Summer 2008, 09)
 Bourne August: Physiology of cricket signaling (NSERC USRA Summer 2009)
 Christopher Gillen: Behavioural syndromes in crickets (NSERC USRA Summer 2009)
 Amisha Agarwal: Aggression in crickets (Dean's Research Intern Summer 2009)
 Heather Bocz: Aggression in crickets (Dean's Research Intern Summer 2009)
 Andrew Rouble: Aggression in crickets (Dean's Research Intern Summer 2009)
 Samantha Klaus: Multi-modal signaling (Volunteer 2009)
 Louis Gagnon: Multi-modal signaling (Volunteer 2009)
 ██████████: Cricket husbandry (Work-Study 2008-09)
 Kanchan Gautam: Multi-modal signaling (Work-Study 2008-09)
 Xuejing Xing: Life history traits and diet (Work-Study 2008-09)
 Brent Thompson: Life history traits and diet (Work-Study 2008-09)
 Nop Ariyaphanneekun: Cricket husbandry (Work-Study 2007-09)
 Chris Sequin: Phosphorus and reproduction (Dean's Research Intern Summer 2009)
 Chris Gillen: Multimodal signaling (Dean's Research Intern Summer 2009)
 Ioana Nicolau: General helper (Volunteer Summer 2008)
 ██████████: Programming in MatLab (Work-Study 2007-08)
 Laksanavadee Visanuvimol: Syndromes (Research Assistant 2007-08)
 Rachel Bennett: Behavioural syndromes (NSERC USRA Summer 2007)
 Emily Whattam: Phosphorus and insect mating systems (NSERC USRA Summer 2007)
 Christopher Lauzon: Behavioural syndromes (Research Assistant 2006-08)
 Amanda Goth: Cricket husbandry (Research Assistant 2006-08)

2. Science Student Success Centre Volunteers 2008-2012 (N=67)

Nadine Adams: Mentor (2011-2012)
 Amisha Agarwal: Mentor (2009-2012)
 Timi Akindele: Events and Communication (2011-2012)
 Nicole Anglin: Events and Communication (2011-2012)
 Samantha Astles: 1st Year Rep (2011-2012)
 Michael Atkin: High School Outreach (2011-2012)
 Kassiena Aya: Research Track (2009-2011)
 Maggy Bejide: Research Track (2010-2011)
 Heather Bocz: Mentor (2009-2012)
 Naomi Bose: 1st Year Rep (2011-2012)
 Chafik Bouchakra: Events and Communications (2010-2012)
 Winston Campeau: Mentor (2010-2012)
 Adrian Cheoreanu: 1st Year Rep (2011-2012)
 Erin Chezick: Events and Communications (2009-2012)
 Nicholas Chin: 1st Year Rep (2011-2012)
 Lien Davidson: Mentor (2010-2012)
 Stephanie Dobbs: Events and Communication (2009-2010)
 Mutiat Enikanolaiye: Career Track (2010-2011)

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
 All listed students have given permission for their name to appear. Students who have not given permission for their name to appear have been covered following *FIPPA* guidelines (██████████)

Augustina Esedebe: Career Track (2010-2011)
Victoria Fleury: Teaching Assistant (2008-2009)
Cairina Frank: Career Track (2009-2012)
Keegan Hardy: 1st Year Rep (2011-2012)
Sarah Harrison: Teaching Assistant (2010-2011)
Melanie Hebert: Mentor (2011-2012)
Joshua Hefler: Research Track (2010-2012)
Emily Hopwood: Teaching Assistant (2010-2011)
Owen Hovey: Mentor (2010-2012)
Lindsay Hyland: Teaching Assistant (2011-2012)
Vincent Le: Mentor (2011-2012)
Briana Lewis: Events and Communication (2011-2012)
Calvin Lewis: Mentor (2010-2012)
Bryan Luu: Mentor (2009-2010)
Samatha Kornfeld: Career Track (2010-2011)
Ahsan Mahmood: Mentor (2011-2012)
Sami Majdalany: Events and Communications (2010-2012)
Hailey Masiero: Mentor (2010-2011)
Christopher Mattice: Research Track (2010-2012)
Keltie McDonald: Career Track (2010-2012)
Yasmine Miguel: Mentor (2010-2012)
Lynn Moreau: Mentor (2009-2010)
Melanie Morrison: Mentor (2010-2011)
Dan Motaxedian: Mentor (2011-2012)
Laura Ndoria: 1st Year Rep (2010-2011)
Valerie Nicholls: Mentor (2009-2011)
Bailey Paterson: Mentor (2010-2012)
Joshua Profitt: Mentor (2010-2012)
Natasha Ramkay: Career Track (2010-2011)
Camille Roberge: 1st Year Rep (2011-2012)
Nathan Robertson: Study Group Leader (2011-2012)
Vanessa Rook: Teaching Assistant (2008-2010)
Andrew Rouble: Events and Communications (2009-2012)
Mark Schrote: Teaching Assistant (2008-2010)
Ryan Seangio: Med Track (2011-2012)
Christopher Seguin: Math Matters (2009-2012)
Derek Sheppard: 1st Year Rep (2011-2012)
Abhinav Shukla: Events and Communications (2010-2012)
Tyrone Spencer: 1st Year Rep (2011-2012)
Mikhel Sickland: Research Track (2009-2011)
Gavez Smith: Study Group Leader (2011-2012)
Richard Steinhardt: Events and Communications (2010-2011)
Alexandra Tseytlin: Mentor (2009-2010)
Maddison Turner: 1st Year Rep (2011-2012)
Cody Wise: Mentor (2011-2012)
Kendra Young: Mentor (2010-2012)

Graduate students are underlined (name); Undergraduates are underlined and italicized (*name*)
